

President's Message

Here's an update on your Executive: Rob Sawatzky, President, stepped aside from his position as he is seeking a seat as a City of Vernon councillor. I have agreed to move from VP to President position and Dave Albrecht has agreed to the VP position.

We hope our members came through this summer's fire season unscathed. We know that many in our surrounding communities have suffered significant losses and challenges. Our thoughts are with them.

The popularity of our facility continues, with many bookings for weddings, celebrations of life and other various activities. I would like to thank our volunteers for their tireless work so far this year. A small group of volunteers keeps the Association humming along.

I would like to especially acknowledge Leslie Albrecht for her dedication to the Hall bookings. Another special recognition to Diane Carroll for her efficient handling of the Treasurer duties. We would also like to thank our booking agent, Maureen, for her professional, efficient handling of our contract rentals for the Hall. She has taken much pressure off the volunteers on the Operations committee.

In June, we hosted an appreciation dinner at the Hall for all of our volunteers to recognize their contributions to the Association.

Thank you to all our members for their continued support.

Sincerely,

Juliette Cunningham, President

Stationhouse Museum

Stationhouse Museum is now closed for the summer season. It was a very hot and smoky few weeks, resulting in fewer visitors and an occasional need to close early or in one case, for a whole weekend. Nonetheless, we welcomed some very interesting and curious visitors, including the owner of the moving company that transported the building from its previous to current position!

In early September, the six museum hosts enjoyed a wonderful trip down to Penticton for a private tour of the sternwheeler, SS Sicamous, and tugboat, SS Naramata, both of which were constructed right here in Okanagan Landing. By coincidence, Penticton City Council had just voted to approve final funding to raise and relocate the historic tugboat onto a custom concrete cradle.

Private tours have been popular at the **Stationhouse** and continue year-round by calling 250-558-4233. We'll be opening the museum from 9:30am - 12:30pm on Fall Garage Sale Day, Saturday, October 17th. Free admission (donations welcome).
